

April 13, 2009

Smiles around the office, an openness to share ideas, an energized spirit toward work, that's what happened to my office after we spent a morning with Christie Ward. Her training is exceptional. After 25 years in the professional world, I will heartily say she is one of the best presenters I've encountered.

The DISC seminar which Christie facilitated gave employees the capability to communicate better and function more effectively as a team. Employees gained insight into their behavior as well as the behavior of others they work with. Each received a personalized summary of their individual style. A week has gone by since Christie met with us and my group is still talking to each other about their profiles.

She's smart, articulate and to the point. Her knowledge of the subject matter established credibility and won over even our most hardened skeptics, and we had a whole group of them. Her presentation was a resounding success with everyone. Not only did attendees leave uplifted and inspired, but with tools to help them stretch beyond their current expectations

Christie Ward delivered extremely relevant and valuable material in an energetic and fun atmosphere. Her services will add value to your organization and I am happy to add my name to the list of her references.

Sincerely,

A handwritten signature in cursive script that reads 'Lisa Dawson'. The signature is written in black ink and has a long, horizontal flourish extending to the right.
